Dear Sir:

S. series the 1836 Dollar, 1879 $4. piece, patterns; Washington 1783 Half-dollar in silver, fine dollars, half dollars including 1796, quarter dollars including 1827, early restrike, brilliant proof, Dimes, Half dimes, brilliant uncirculated 1792 and 1794, Cents and American silver and bronze medals, including the rare Indian medal in silver of Andrew Jackson, etc.

The sale will be held May 30th and 31st. I shall issue a catalog in quarto size which will be sent free to those requesting it on the enclosed card. Those who are no longer collecting please inform me, and cross out the request for a catalog.

I shall issue a catalog with 7 quarto plates as follows: Plate I, Ancient Gold coins; II, English Gold coins; III, Foreign Gold; IV, Foreign Silver; V, U. S. Gold; VI, U. S. Silver; VII, Copper; to be sent before sale; with price list after the sale, $2.50 (at cost). Price list after sale, $.50.

Catalogs ready May 10th.

PREFACE.

This catalog attempts to describe the collection of a connoisseur who collected each piece for its historical significance and we find in it coins of every period and of every country. From his youth the founder of this cabinet, Julius L. Brown, Esq., took an interest in numismatics, and was most active in his collecting between 1870 and 1885 and again from 1900 to his death, September 4, 1910.

Mr. Brown was born May 31, 1848. He graduated from the University of Georgia in 1868, studied law for a year and was then admitted to the bar, and the following year went to Harvard University where he graduated from the Law School in one year, Class of 1870, standing second in a class of from 80 to 100 students, a thorough proof of his intellectual ability. After graduation he returned to Georgia and immediately took up the practice of law, which profession he continued until the time of his retirement caused by ill health, about three years ago, when he turned again, for intellectual interest and occupation, to his numismatic collection. He took also a keen interest in the development of the resources of his native State and for many years was president of the Georgia Mining and Investment Co. His father was the famous Governor Brown, of Georgia, 1857 to 1865, and subsequently Chief Justice of the State, whilst his brother, Joseph M. Brown, is the present Governor of Georgia, a remarkable evidence of the existence of ability in the members of this distinguished family.

There are beautiful specimens in every series worthy of the attention of collectors, from the earliest period of coinage; the gold Daric of Darius I, Stater of Philip II, a splendid series of Roman gold coins, English gold, foreign gold, an unusually fine collection of Oriental coins, United States series containing the rare Washington Half dollar of 1783, the exquisite half-dime of 1792 and 4, beautiful specimens of the dollar in silver, half dollar of the rare year 1797, 1827 Quarter dollar, and U. S. Cents, and rare specimens of the gold coins of Bechtler of Carolina and Georgia, amongst the latter the rare $5 piece with the word RUTHERFORD, never before offered at auction, and closing with a splendid collection of the historical Proclamation pieces of Mexico and South America.

I have arranged the collection in chronological and geographical order, beginning with the earliest coins of Greece, Rome, Europe, United States, Canada, Mexico and South America, and with descriptive running heads an index is superfluous. I have sorted out of the collection a great number of foreign and United States coins in slightly worn condition or so common that they would not bring a premium, which will account for some gaps in the dates of the common United States coins. It will be noticed there are a great many lots identified by lettered numbers. This is due to the executor finding several parcels of coins put away in drawers, safes and cabinets, which reached me after the catalog up to 880 was in type, and to make it convenient for the purchasers I have arranged them under their proper headings instead of making a disorderly addenda.

The degrees of condition are Proof, Uncirculated (unc. as it left the dies), Extremely fine (Ex. f.), Very fine (V. f.), Fine, Very good (V. g), Fair and Poor. A number at the end of a line refers to size. Scale on last page.

I guarantee all coins and medals to be genuine and original unless otherwise described.

I will faithfully execute all orders entrusted to me for the usual commission of 10 per cent. on the amount purchased.

Respectfully yours,

Drexel Building,
Philadelphia, Pa.

Numismatist.
